- **Tools:** JIRA, QlikSense, QlikView, VBA, SQL, Sharepoint 2013/2016, Qlik NPrinting v16/vNov19/vFeb21, Qlik Administration, REST API, Vizlib Extensions, Oracle, Python, Basic Cognos 11, Agile
- **Data Sources:** Oracle DB, MS Excel

Fiat Chrysler Automobiles US LLC - Auburn Hills, MI	Sept 2015 to Oct 2019
--	------------------------------

Process and Methods Engineer (BI Engineer)

- Hands on experience in Qlik Sense development, dashboarding and data modeling and reporting (ad hoc report generation) techniques and QMC
- Expert in Data transformation, the creation of QVD files and set analysis
- Experienced in application designing, architecting, development and deployment using Qlik Sense and NPrinting
- Responsible for front-end development and extensive experience in visualization best practices
- Communicate with (verbal/written) to deliver the technical insights and interpret the data reports to the clients
- Leadership qualities and thoughtful implementation of Qlik Sense best practices in order to deliver effective Qlik Sense solutions to the users
- Comprehend and translate complex and advanced functional, technical and business requirements into executable architectural designs
- Creating and maintaining technical documentation
- Experienced in data integration through extracting, transforming and loading (ETL) data from various sources
- Participate in efforts to develop and execute testing, training and documentation
- Utilize best practices to perform operational support, enhancements, bug fixes as needed
- Responsible for supporting value optimization and global cost out initiatives (Global Resource Headcount for Advanced Projects)
- Developed automated systems to track and report Resource and Unit Headcount on Qlik Sense
- **Tools:** Qlik sense, VBA, SQL, Sharepoint 2013/2016, G-Suite, Google Analytics, NPrinting

Process Reporting Specialist– 2 Year

- Hands on experience in Qlik Sense development, dashboarding and data modeling and reporting (ad hoc report generation) techniques and QMC
- Analyzed Warranty applicable component failure data (Monthly and 24 months rolling) by VIN numbers to identify
 - Highest labor cost by repair and part costs by Vehicle
 - Recall completion reports by Vehicle and Recall code – (Actual vs Target)
 - Calculating warranty Chargeback
- Analyze and report on monthly RRT or Rapid Response Transmittals (Unsold vehicles by VIN-US Only) across FCA
- Analyze RRT and Warranty financial data (FCA to Dealers-US Only) to publish chargeback report (Complete vs Pending)
- Helped improvise stakeholder specific work breakdown structure (WBS) with 17 Operational Teams
- Streamlined reporting process by creating efficient program dashboards to ensure key information is provided to higher management and PMO for critical business decisions
- Part of Global launch integration activities; implemented process communication between Global stakeholders for efficient KPI reporting
- Manage, track and report on all critical launch readiness deliverables/metrics to support vehicle program launches
- **Tools:** SQL, VBA Script, Qlik view, MS Excel, Sharepoint 2013/2016, MS Word

Searce Logistics Analytics Pvt. Ltd. - Pune, India
Procurement Analyst (Analyst)

Oct 2013 to May 2014

CERTIFICATIONS & TRAINING

FCA Fiat Chrysler Automobiles - Auburn Hills, MI, USA

- *Microsoft SharePoint 2016 Site Admin Class* Jun 2018
- *Introduction to NHTSA and the Vehicle Safety Act* Jul 2016
- *Microsoft SharePoint 2010 Site Admin Class* Feb 2016 to Mar 2016

The Wharton School, University of Pennsylvania - Online Verified Certificate Course

- *Fundamentals of Quantitative Business and Finance Modeling (Certified)* May 2016 to Aug 2016
- *Introduction to Operations Management (Certified)* Jun 2015 to Sept 2015

IBM - Online Verified Certificate Course

- *IBM Blockchain Foundation for Developers (Certified)* Mar 2018 to Apr 2018

University of California, San Diego- Online Verified Certificate Course

- *Introduction to Big Data (Certified)* Sept 2017 to Oct 2018

Indian Institute of Technology - New Delhi, India

Certificate course on Business Management (Certified) Jan 2013 to Jun 2013
